Heuser Hearing Institute (HHI) and the Louisville Deaf Oral School (LDOS) are required by law to maintain the privacy of your protected health information. "Protected health information" is intonation about you that may identify you and that relates to your past, present or future physical or mental health or condition and related health services. We are also required to provide individuals with notice of our legal duties and privacy practices with respect to protected health information.

This notice describes and gives examples of how we may use or disclose your protected health information for various purposes. These examples are not a complete list of all possible uses and disclosures. We may make additional uses and disclosures of your protected health information in any manner that is consistent with this Notice. This Notice also describes your rights to access and control your protected health information.

The practice is required to abide by the terms of its Notice of Privacy Practices currently in effect. We reserve the right to change the terms of this Notice and to make the new Notice provisions effective for all protected health information that we maintain. If we change our Notice of Privacy Practices, we will post the revised Notice in a clear and prominent place in our office and make a copy available to you upon request.

USES AND DISCLOSURES OF PROTECTED HEALTH INFORMATION FOR THE TREATMENT, PAYMENT AND HEALTH CARE OPERATIONS

Your protected health information may be used and disclosed for the purpose of providing health care services to you. Your protected health information may also be used and disclosed to obtain payment of your health care bills and support the operation of this practice.

The following are some examples of the types of uses and disclosures of your protected health care information that the practice may make.

TREATMENT: We may use and disclose your protected health information to provide, coordinate or manage your hearing health care and any related services. This includes coordinating your health care with a third party. For example, we might disclose your protected health information to a home health agency that provides care to you or to other physicians, nurses and therapists who may be treating you and to laboratories that provide testing for our patients. If you are a student at LDOS or a school where we provide contract services, we may disclose your child's protected health information to educators involved in your child's education.

PAYMENT: Your protected health information may be used and disclosed to obtain payment for your health care services. This may include sharing information with your health insurance plan as it makes payment decisions, such as making a determination of eligibility or coverage for insurance benefits, reviewing services provided to you for medical necessity, and undertaking utilization review activities. We may also use and disclose protected health information for the payment activities of another health care entity or provider.

HEALTH CARE OPERATIONS: We may use or disclose your protected health information in order to support the business and administrative activities of this practice. These activities may include, but are not limited to, quality assessment activities, employee review activities, training of medical students, licensing, fundraising activities and conducting or arranging other business activities.

We may use or disclose your protected health information, as necessary, to contact you to remind you of your appointment. We may also disclose your protected health information to another entity covered by similar privacy requirements in order for that entity to conduct specific health care operations, which include quality assessment activities and reviewing the competence of health care professionals. We will share your protected health information with third party "business associates" that perform various activities

for the practice (e.g. billing, transcription services, legal and accounting). However, we will require each business associate to give us written assurances that it will protect the privacy of your protected health information.

We may use or disclose your protected health information to provide you with information about treatment alternatives or other health related benefits and services that may be of interest to you. You may contact out Privacy Officer at (502) 584-3573 to request that these materials be sent to you.

You do not have a right to inspect or copy the following records: psychotherapy notes; information compiled in reasonable anticipation of, or use in, a civil, criminal, or administrative action or proceeding; and protected health information that is subject to a law that prohibits your access. Your request must state the specific restriction requested and to whom you want the restriction to apply. We are not required to agree with your request. If we do agree to the requested restriction, we may not use or disclose your protected health information in violation of that restriction unless it is needed to provide emergency treatment or its use or disclosure required by law.

- If you want to request a restriction, it must he made in writing to our HIPAA Contact Officer at 115 East Kentucky Street, Louisville, KY 40203. Your request must describe in clear and concise fashion; (A) the information you wish restricted; (B) whether you are requesting to limit our clinic's use, disclosure or both; and (C) to whom you want the limits to apply.

- You have the right to request that confidential communication from us be sent by alternative means or to an alternative location. We will accommodate reasonable requests. We may also condition this accommodation by asking you for information on how payment will be handled or specifications of an alternative address or other method of contact. We will not request an explanation from you as to the basis for the request. Please make this request in writing to our Contact Officer.

- You may have the right to have your hearing health care professional amend your protected health information contained in a file that we maintain. If we deny your request for amendment, you have the right to file a statement of disagreement with us and we may prepare a rebuttal to your statement. If we do, we will provide you with a copy of that rebuttal. Please contact our Privacy Officer if you have questions about amending your health information.
- You have the right to receive an accounting of certain disclosures of your protected health information that we may make after April 14, 2003. This right is subject to certain exceptions and limitations. No-Show Policy

As a specialty practice, this office is a limited resource for this community. When patients fail to show for their scheduled appointment, it causes other patients to wait unnecessarily. Please consider the needs of the community, and reschedule your appointment in a timely fashion if needed.

LATE ARRIVAL AND FAILURE TO SHOW POLICY

ARRIVAL TIME: Please arrive for your appointment 15 minutes early as a courtesy to other patients and your provider. Please consider arriving 30 minutes early if you will need to complete history and billing information while in the office. Preparation and early arrival will help us provide your services in a timely manner.

LATE ARRIVAL POLICY: Because we all understand that the unexpected is bound to happen, please review our late arrival policy. If you arrive 15 minutes late for a 30-minute appointment, please expect to reschedule your appointment. If the 30-minute appointment is for equipment repair and/or consult, we will use the 30 minutes of your reserved appointment to solve problems if possible. We will not be able to provide patient care. If your appointment is scheduled for longer than 30 minutes, we will use your reserved appointment time for your assessment. Please be aware that exceptions may exist under certain circumstances (example: you have a 1-hour appointment that includes three subtests that are dependent upon one another for recommendations).

NO-SHOW POLICY: All patients will be granted a warning, notification and no strings attached re-scheduling for the first missed appointment. If a patient fails to keep two scheduled appointments, we will be happy to reschedule the appointment during clinic hours or on a first come first available basis (see our established policy).
